

Use of Photo Images or Names of Pupils Publicly

Policy: Kuwait National English School is dedicated to the safety and protection of all its students. This includes the protection of data which may lead to the identification of individual students. We believe that Parents / Guardians should be permitted to give consent or withdraw consent to the usage of this data.

Pupils' photographs and sometimes names are used in several ways;

1. *Use in and around school, in places that might be seen by visitors*
2. *On the school website*
3. *On social media i.e. Instagram*
4. *In wider marketing materials used by the school for promotional activities.*
5. *In local newspapers celebrating events and the success of students*

This policy must be read and signed at the time of Registration. Parents have the right to withdraw consent at any time in writing and in consultation with the School Management. This form is supplied with the Schools registration documents and School Directors are to be notified by administration if/when a parents does not give their consent. This allows the SLT and therefore the key persons to know in advance any concerns regarding photographs.
